Impact Through Innovative Programs

For more than a decade, the mini grant program has made possible for teachers and staff across the M-DCPS district to bring creative, innovative programs to life in their schools. Last year's winning projects included initiatives led by Lawton Chiles Middle School, Winston Park K-8 Center, and JC Bermudez Senior High School with programs ranging from veterinary experiences to reading enrichment activities. All winning projects strengthened school spirit, sparked curiosity, and created engaging learning environments where students thrive.

Every year, the review committees consist of members of the M-DCPS community, including a school-site representative and District Administrators. Applications were grouped by Region and each application was reviewed and scored by the review committee.

This year's winning grants highlight programs designed to strengthen math skills, nurture musical talent, and inspire scientific discovery, to name a few. The students participating reflect a kaleidoscope of the district's community, representing a wide range of backgrounds, interests, and talents.

Stay tuned as we follow these exciting projects throughout the year and celebrate the incredible impact they have on our students!

TEACH Grant

The TEACH Grant Program provides grants of up to \$4,000 a year to students who are completing or plan to complete course work needed to begin a career in teaching. A TEACH Grant-eligible program is a program of study that is designed to prepare you to teach as a highly qualified teacher in a high-need field and that leads to a bachelor's or master's degree or is a postbaccalaureate program. A two-year program that is acceptable for full credit toward a bachelor's degree is considered a program that leads to a bachelor's degree. A postbaccalaureate program is not TEACH-Grant-eligible if it is offered by a school that also offers a bachelor's degree in education. Schools that participate in the TEACH Grant Program determine which of the programs they offer are TEACH-Grant-eligible. A program that is TEACH-Grant-eligible at one school might not be TEACH-Grant-eligible at another school. Additionally, even if a program meets the eligibility requirements to be a TEACH-Grant-eligible program, it may not be designated as TEACH-Grant-eligible by the school. Contact the financial aid office at the school you are attending (or that you plan to attend) to find out which programs at that school are eligible.
