The Everglades Foundation Awards Bel-Aire Elementary New Champion School

Bel-Aire Elementary School is making waves in environmental education after being awarded a \$1,000 grant from the Everglades Foundation. This funding will support a field experience that enhances the school's Everglades Literacy curriculum and participation in the Everglades Champions program.

"We are excited to expose our students to the importance of protecting our unique Everglades ecosystem and inspiring them to become environmental leaders themselves," said Nilda Serrano, teacher at Bel-Aire.

The grant will cover transportation and admission to the Deering Estate's Owl Pellet Dissection program, where students will engage in hands-on scientific inquiry.

This program will teach students about the crucial role owls play in the Everglades and address habitat loss impacting the threatened Barn Owl. Students will also observe real-life food chains, reinforcing lessons about the interconnectedness of species within the ecosystem.

In addition to the owl program, Bel-Aire has organized other environmental field experiences. Recently, 5th graders visited the Biscayne Nature Center, where they explored the seagrass ecosystem. Using nets, they caught and observed marine life, learning about the vital role seagrass plays in providing habitat and improving water quality.

Bel-Aire Elementary School's commitment to fostering environmental literacy is commendable, and we look forward to seeing how the Everglades Champions program continues to impact students.

M-DCPS Schools Continue Partnership with Verizon Innovative Learning

Horace Mann, Henry H. Filer, Kinloch Park, Miami Springs, and Palm Springs middle schools are set to join 34 other schools in the Verizon Innovative Learning Schools program for the 2024-2025 school year, increasing the initiative's reach to a total of 626 schools nationwide. As part of this program, nearly 3,000 internet-connected devices with data plans will be distributed to these Miami-Dade County schools. The average market value of Verizon Innovative Learning's investment exceeds \$2.3 million per school, significantly enhancing educational resources. These five schools will join 15 other Miami-Dade County institutions already benefiting from the program.

Verizon Innovative Learning Schools is an acclaimed educational initiative designed to overcome barriers to digital inclusion and promote digital equity for vulnerable populations across the country. In partnership with Digital Promise, the program collaborates closely with schools and districts to provide students with internet-connected devices and improve how teachers utilize technology in their classrooms.

This initiative not only ensures reliable internet access for every student and teacher but also equips each participating school with a dedicated technology coach. Additionally, it offers extensive professional development support for teachers, enabling them to effectively integrate technology into their teaching practices. Educators involved in the program have reported that it facilitates more personalized instruction, encourages innovative teaching methods, and enhances student engagement.

Verizon remains committed to bridging the digital divide in Miami by investing in the community and providing students and teachers with access to free training and devices.

Eduporium Educational Technology Grant

Our grant is open to all educators in the United States and we encourage everyone to apply! The application process opens on the first of each month and concludes on the 20th. Following the 20-day submission period, our team will review all new grant applications and notify the awardee by the last business day of the month. We will announce the recipient via our Twitter account, email newsletter, blog, and contact the person directly. While you can apply for grants as often as you'd like, educators may only apply for the Eduporium grant once per month with one application per person. Those awarded the grant are then ineligible to apply for one calendar year. Recipients may use their grant award on any of the hundreds of STEM, MakerEd, and computing technologies available on the Eduporium store.

Award: Robotics and Coding Kits, Drones, 3D Printers, Virtual Reality Systems, Makerspace Tools, Engineering Tools

Deadline: The application process opens on the first of each month and concludes on the 20th.

Teacher Resources

The Children's Trust Books for Free

The Children's Trust Books for Free is a partnership with Miami Book Fair at Miami Dade College. Our goal is to get more books in the hands of children who need them the most – magical, world-building, life-changing books that they can keep to read with their families over and over again. We achieve this goal by delivering an average of 2,443 new and gently used books per week to more than 70 public bookshelves located in high-traffic locations throughout Miami-Dade County's most underserved neighborhoods. These books are free for the taking by children and their caregivers.

TEACH Grant

The TEACH Grant Program provides grants of up to \$4,000 a year to students who are completing or plan to complete course work needed to begin a career in teaching. A TEACH Grant-eligible program is a program of study that is designed to prepare you to teach as a highly qualified teacher in a high-need field and that leads to a bachelor's or master's degree or is a postbaccalaureate program. A two-year program that is acceptable for full credit toward a bachelor's degree is considered a program that leads to a bachelor's degree. A postbaccalaureate program is not TEACH-Grant-eligible if it is offered by a school that also offers a bachelor's degree in education.

Schools that participate in the TEACH Grant Program determine which of the programs they offer are TEACH-Grant-eligible. A program that is TEACH-Grant-eligible at one school might not be TEACH-Grant-eligible at another school. Additionally, even if a program meets the eligibility requirements to be a TEACH-Grant-eligible program, it may not be designated as TEACH-Grant-eligible by the school. Contact the financial aid office at the school you are attending (or that you plan to attend) to find out which programs at that school are eligible.
