Grants Development Unit

SUBMISSION OF GRANT APPLICATIONS AND REPORTING OF GRANT AWARDS

- All personnel are reminded to contact staff in the Office of Grants Administration (OGA) at 305 995-1706 prior to generating any paperwork leading to the submission of a grant application. Contact with OGA staff is critical to ensure district-wide coordination of grant submissions and because funding agencies frequently limit the number of submissions per school district.
- All grants are affected by this requirement, including those submitted on-line and those involving partnerships with an outside agency acting as fiscal agent. Teacher mini-grants administered by the Foundation for New Education Initiatives, Inc. and The Education Fund, and teacher scholarships/fellowships that are awarded directly to the teacher are exempt from these procedures. **All grant funds awarded to the District, schools and/or Miami-Dade County Public School employees must be reported to Grants Administration.**

Grants Development Unit

SUBMISSION OF GRANT APPLICATIONS AND REPORTING OF GRANT AWARDS

OGA staff will support the grant development process as follows:

- ❑ Facilitate the development of a grant proposal Coordinate the grant submission process;
- ❑ Confirm funder's eligibility requirements;
- ❑ Develop a letter of commitment or letter of support from the Superintendent, if appropriate;
- ❑ Link the grant writer(s) with collaborative partners, if appropriate;
- ❑ Provide the grant writer(s) with technical assistance including budget preparation; and
- ❑ Ensure that District procedures are followed according to an established timeline.

Grants Development Unit

SUBMISSION OF GRANT APPLICATIONS AND REPORTING OF GRANT AWARDS

- ❑ Grant awards and donations must be reported to the School Board. Pursuant to School Board Policy 6110 – Grant Funds, OGA must take all grant awards of \$250,000 and above to the Board for approval. Grant awards under \$250,000 must be reported to the Board on a quarterly basis. In addition, pursuant to School Board Policy 7230 – Gifts to the School District, donations or gifts of money over \$50,000 must be approved by the Board prior to being accepted. All equipment that is donated or a gift with a value of greater than \$50,000 in aggregate requires Board approval. Please see the chart with specifics on thresholds, Board Policy, approval and reporting requirements, and need to contact OGA for assistance.
- ❑ Please refer to School Board Policy 7230 – Gifts to the School District for special category requirements for goods donated to school and/or district sites.
- ❑ Should you have any questions or need additional information, please contact Ms. Melissa Latus, Administrative Director, Intergovernmental Affairs and Grants Administration, at 305 995-1706 or via e-mail at mlatus@dadeschools.net.

Grants Availability Reports display available funds of grant-related funding structures. They can be accessed through the SAP Reports Screen on the Employee Portal. If you do not have access to this report, please contact your site administrator to submit a HEAT ticket for access.

How to Access The Grants Availability Report on SAP.

Budget Assistance 2020-2021 - This sheet provides salary, fringe benefits, functions, object codes and other budget information to assist the grant writer in preparing a grant budget.

Fringe Calculator 2020-2021 - (EFFECTIVE JULY 1, 2020) The Excel spreadsheet is used to calculate fringe benefits for full-time and hourly employees, temporary instructors, and indirect cost. To use the Excel spreadsheet, you must first save it on your computer. This form is to be used to make changes in existing programs or to create a budget for applications or new programs.

Grants Budget Document - To be used for Budget Transfers related to grant funds only. Refer to the comments on the document fields for more help on completing the template. Save the form as an Excel document on your computer before completing it. Please e-mail the completed form to your Grants Supervisor.

Transfer of Expenditures - This form is used to transfer grant related expenditures into your grant. It is an Excel Spreadsheet and needs to be addressed to your OIGAC contact. To use the Excel spreadsheet, you must first save it on your computer.

Projected Equipment Purchases Form - Equipment projected to be purchased with funds from this grant must be submitted on this form or in a format that contains the information appearing on this form.

Time and Effort Certification System - This is a guide that explains the purpose and process of reviewing and approving the Time and Effort reports required three times per year (July, November, and March) to certify the time and effort of employees who are paid through federally-funded grants.

Time and Effort Forms - Single Cost Objective & Transfers - This manual form (non-SAP) is to be completed at the request of Grants Administration to certify the effort of an employee serving a single program. The form is to be signed by the employee or the supervisor.

Time and Effort Forms - Personnel Activity Report (PARs) for Cost-Shared Allocation - This manual form (non-SAP) is to be completed at established intervals at the request of Grants Administration to certify the effort of an employee that serves more than one program with the effort represented as a percentage for each program served. The form is to be signed by the employee or the supervisor.

Payroll Processing Schedule 2020-2021 - Effective for pay dates after July 1, 2020.

Payroll Processing Schedule 2019-2020 - Effective for pay dates after July 1, 2019.

In-Service Reimbursement Payment Procedure - Click [here](#) to go to the Compensation Administration website for guidelines to submit In-Service Reimbursement requests.

Hourly/Overtime Waiver - A Hiring Waiver is required for PART-TIME AND/OR OVERTIME personnel who are currently hired or will be hired on grant-funded programs. This memorandum is a sample template for you to use in requesting approval of the Hiring Waiver.

Non-School Site Approval Request to Advertise or Fill A Position (FM 6212) - A document used to allow personnel to be hired under a grant funded position.

Acknowledgement of Grant Funded Position - By signing this form, you are attesting that you fully understand and accept that the position is a grant-funded position with a delineated start and end date. Since this position is grant-funded, there is no warranty of an extension of employment beyond the expiration date of the grant or any expectation of future employment with Miami-Dade County Public Schools. Once the Form is completed, a copy must be kept on file at the worksite, another one to be sent to the appropriate Regional Center, and also email to employeeconcerns@daedocschools.net

FLDOE Project Amendments - Form DOE 150 is used when requesting a change from the Florida Department of Education in some aspect of a grant which has already been awarded. Changes can include: grant goals and objectives and/or creating a new or changing a budget line item. The Budget form that should be used for a budget amendment, DOE 151, is based on the original budget presented on the Project Budget Form (DOE 101) used when the application was submitted. Contact with OIGAC is required before initiating this process.

No-cost Extension Letter - This is an example of a no-cost extension letter that is used when requesting only the extension of the program ending date. The DOE 150 is required for all other changes to the program, including extensions with program and/or budget changes.

Florida Department of Education Red Book - This link is to the Florida Department of Education's Red Book which contains FDOE financial and cost accounting guidance pertaining to grants.

Guide to Open Grant Funded Programs - This PDF report is updated monthly. Programs will be deleted from the Guide as of their liquidation date. Should you have any questions or need additional information, please contact Ms. Carmen Lopez at 305-995-1501.

Uniform Grant Guidance (FDOE) - The U. S. Office of Management and Budget (OMB) has streamlined the Federal Government's guidance on Administrative Requirements, Cost Principles, and Audit Requirements. This new guidance is **effective for all new grants or additions to grants awarded after December 26, 2014.** Martha Asbury, Assistant Deputy Commissioner, Florida Department of Education, has done this presentation.

If further assistance is needed please contact
Ms. Avilida Ruiz-Cintrón at 305-995-1426,
or Ms. Carmen Lopez at 305-995-1501.

Grant Transmittal Form Terms Explained

- ❑ **Program Number:** Issued by M-DCPS Accounting. It will range from **30000000** to **59990000** (with some in **80000000** for State Direct Grants). Use this number in all communications with Grants Administration about your program.
- ❑ **Program Manager:** The person in your office or school who is responsible for the program. All communications regarding the grant will go to this person.
- ❑ **OGA Contact:** Your contact person for program-related questions such as changes to the program's scope or objectives. Budget-related questions will be referred to your FRU contact: Ms. Carmen Lopez (305-995-1501), Ms. Awilda Ruiz-Cintron (305-995-1426) or Ms. Barbara Garcia (305-995-1289).
- ❑ **Title:** The familiar name of the program; i.e. **IDEA** or **Cultural Passport – T-II PD**.
- ❑ **Project Award Number:** The contract number given to the grant by the funding agency.
- ❑ **Funding Source:** The federal, state, or local agency or foundation that is funding the program.
- ❑ **Beginning Date:** The date when funds become available.
- ❑ **Ending Date:** The last date when funds can be encumbered and employees can work on the program.
- ❑ **Liquidation Date:** Date that all outstanding invoices and obligations need to be paid by in order to get reimbursed by the funding agency

Program Numbers Explained

- ❑ Your grant program number is assigned by the Office of Accounting. It is a four-digit number followed by four zeroes, e.g. **39850000**, and is unique to your program for the life of the grant, be it one year or multi-year. Most grant program numbers are in the range of 3000 to 5999, although grants that are directly funded by the State of Florida will be numbered 8xxx and paid through the General Fund. However, they are still grants and monitored by OGA.
- ❑ The program number is **NOT** the same as the Project Number assigned by a funding agency such as the Florida Department of Education or various other agencies. This is because one project, such as Title I, Title II, Carl Perkins, and Magnet Schools, can have a number of different program numbers under that one project number. Be aware that the funding agency will refer to their project number in communications, so know the difference between the two.
- ❑ Your program number is the key identifier to the Grants Office and your FRU person as well as other District offices such as Budget and Procurement, so know it and remember it when communicating with them.

Object Codes – What Are They?

- ❑ Object codes, sometimes called Commitment Items, are numbers that specify the budget items such as salaries, fringe benefits, and all the other items you might have in your budget: supplies, contracts, travel, and so forth.
- ❑ They begin with 5 and are six digits, usually ending in two zeroes, e.g. 514400, 523200, 531000, 551000, and 564100.
- ❑ The number after the 5 designates the purpose of the object code.
- ❑ **51xxxx:** Salaries.
- ❑ **52xxxx:** Fringe benefits.
- ❑ **53xxxx:** Purchased services, contracts and travel.
- ❑ **55xxxx:** Supplies and like items.
- ❑ **56xxxx:** Capitalized items such as furniture, fixtures and equipment, including computers and peripherals (printers and software) and so forth.
- ❑ **57xxxx:** Administrative purposes, including 579200 for Indirect Cost.
- ❑ Your FRU person can guide you in selecting the correct object codes when you're putting together your budget, and the Budget Assistance Sheet lists the most commonly-used object codes.

Fringe Benefits – What Are They?

- ❑ Fringe Benefits are included in budgeting and calculating all salaries, including full-time, hourly, temporary instruction, stipends and supplements. This also applies when doing Budget Transfers and Transfers of Expenditures.
- ❑ Rates for fringes are determined by the Budget Office and change annually at the start of the new fiscal year (July 1). The current rates are also listed on the Fringe Calculator and the Budget Assistance Sheet.
- ❑ The fringes for FY 2021-2022 are:
 - Retirement (521000): 11.89%
 - FICA/Social Security (522000): 6.2%
 - Medicare (522100): 1.45%
 - Group Health Insurance (523200): \$10,417.00 per full-time personnel only, prorated per percentage of salary paid from the grant.
 - Workers Comp/Liability/Unemployment Insurance (524000): 2.63%

Note: Full-time employees are charged all fringes including Group Health. Hourly and Overtime employees are charged all fringes except Group Health. Temporary Instructors are charged Retirement, FICA, and Medicare. In-Service Reimbursement / Bonus Pay is charged FICA, Medicare, and Workers Comp/Liability/Unemployment. Your FRU person can assist you in calculating the fringes.

Functional Areas – What Are They?

- Functional Areas, also known as Function Codes, define the purpose of the object code. They are six digits, ending in two zeroes, and are paired with the program number, e.g. **39850000-640000**. Some common functional areas are:
 - 510000:** Basic Instruction
 - 610000:** Student Support Services
 - 620000:** Instructional Media Services
 - 630000:** Instruction & Curriculum Development Services
 - 640000:** Instructional Staff Training (Professional Development)
 - 720000:** Indirect Cost
 - 780000:** Student Travel (Field Trips)
- Your FRU person can assist you in determining the correct functional areas to use in creating your budget.

Indirect Cost – What Is It?

- ❑ Indirect Cost is a line item in your budget that the District includes to cover costs not listed in the budget. It is a rate agreed upon with the Florida Department of Education and the U.S. Department of Education. For Federal through State grants, indirect cost is calculated on the total budget **except** for all 5600 object codes (Equipment, Software, AV Materials, etc.) and 5310 object codes with 5xxx and 7800 function codes. For Federal Direct grants, the indirect cost is calculated on the total cost excluding any single piece of equipment which costs \$5,000 per unit or more.
- ❑ The indirect rate changes at the beginning of the state fiscal year (July 1). The rate for FY 2021-2022 is 3.19% and 5% for all ESSER grants.
- ❑ Your FRU person can assist you in determining the indirect amount for your program. It can also be calculated using the Fringe Calculator.

Grant Budget Document Entry (ENTR)

- ❑ The Budget Entry is based on the budget approved by the funding agency.
- ❑ It follows the approved object codes, functional areas, and budget amounts and must agree with Budget Narrative and Board Item (if applicable).
- ❑ Corrections or changes to the budget entry can only be made with written approval from the funder or through an amendment once the program is opened.
- ❑ Submitted by the grant project manager and transmitted to the Office of Budget Management for final approval.
- ❑ Forward funding – opening a program prior to Board approval – can only be done via a memo to the Financial Officer for OGA with proof of funding, allocation, or a substantially approved memo from the FLDOE.
- ❑ Grants Administration generates the transmittal packet, which includes a copy of the grant transmittal, the award notice, the approved budget, the budget create document, personnel listings, and any additional documentation such as the board item. It is e-mailed to the program manager, OGA program manager, and various offices in the District. The budget will post on the financial system within 24 hours of uploading.

Grant Budget Document Transfer (TRAN)

- ❑ Transfers move money already in your budget to another allowable budget line.
- ❑ Transfers between salary and non-salary lines necessitate taking into account the associated fringes. Consult your FRU person to adjust the transfer accordingly.
- ❑ Be aware of grant-imposed restrictions. Check with your award notice or funding agency for limitations on transfers and the possibility of requiring an amendment.
- ❑ Assure compliance with the Green Book and EDGAR guidelines. The Green Book is the FLDOE guide to accounting; EDGAR is the U.S. DOE guide.
- ❑ Transfers follow the same steps as an Entry: submit your request to your FRU person and provide all the documentation as needed.
- ❑ Transfers usually post within 24 to 48 hours upon receipt in the OGA office and will appear in the Grants Availability Report (GAR) the day after posting.

Transfer of Expenditures (JV)

- ❑ Transfers of Expenditures, also known as Journal Vouchers (JV's), are processed by Grants Administration. Their function is to move expenditures from one program to another. They do not transfer funds and can only be done after the expenditure of funds has been posted and reconciled.
- ❑ JV's move expenditures between similar structures; e.g. salary to salary, supplies to supplies. In addition, the salary types should match; e.g. hourly to hourly. Fringes must be included.
- ❑ Salary JV's in federally-funded programs may require Time and Effort reports and must be in compliance with accounting best practices.
- ❑ Non-Salary JV's such as supplies or equipment need full documentation of the expenditure, including but not limited to the purchase order, proof of goods receipt, bill of lading, invoice, and proof of payment for the goods by the District.
- ❑ In all cases, the program manager must be able to show that the expenditure is in compliance with the goals, objectives, and regulations of the grant and the funding agency.
- ❑ Your FRU person will assist you in preparing the JV.

Purchasing and Accounts Payable

- ❑ Know your grant End and Liquidation date
- ❑ A purchase order or shopping cart does not spend your funds. The goods or services must be received on-line and invoices submitted to Accounts Payable. Make sure that payments are actually processed
- ❑ Expediting Orders.
- ❑ The Shopping Cart and the Use of Procurement Credit Card.

Procurement Procedures

- ❑ **Step 1 – Commitment:** Your items are put into the shopping cart or fund reservation. Funds will be withdrawn from your Current Budget and placed in the Commitment column awaiting approval. A commitment can be cancelled without penalty; the funds will be returned to the Current Budget.
- ❑ **Step 2 – Encumbrance:** The shopping cart is converted into a P.O. and it has been approved and sent to the vendor. The funds move from the Commitment to Encumbrance column. An encumbrance can be cancelled only in conjunction with the vendor and may incur a restocking charge.
- ❑ **Step 3 – Expenditure:** The P.O. item has been received. The funds move to the Expenditure column. The item must be received on-line and the required paperwork (invoice and bill of lading or receipt) sent to Accounts Payable in order to complete the payment to the vendor.
- ❑ Monitor your purchases at every step. All purchases must be paid for before the grant's liquidation date.

Matching Funds

- ❑ Your grant may have a matching requirement. Preference may be given to proposals that include matching funds from the institution or other partners including in-kind contributions. Third party contributions to matching funds such as computer or software donated from a company may be included.
- ❑ In-kind matches can include fair-market value of goods or services such as facilities, utilities, and personnel.
- ❑ Review the requirements for matching funds with your grant program manager.
- ❑ It is your responsibility to maintain your records with the required documentation that will be used to file quarterly, annual, or final reports.

DAVIS-Bacon Act

- ❑ The Davis-Bacon Act (DBA), as enacted in 1931 and subsequently amended, requires the payment of minimum prevailing wages determined by the Department of Labor to laborers and mechanics working on federal contracts in excess of \$2,000 for the construction, alteration, or repair, including painting and decorating, of public buildings and public works

Davis-Bacon Requirements

DB applies to all construction contracts (construction, repair or alteration, including painting) in excess of \$2,000 paid in whole or in part with federal funds. Core

DB compliance issues: • Must have required contract provisions; • Must pay Prevailing Wages; • Contractor must pay wages weekly; and • LEA/subrecipient must collect certified payroll records. For more information, please click the link below:

While completion of Form WH-347 is optional, it is mandatory for covered contractors and subcontractors performing work on Federally financed or assisted construction contracts to respond to the information collection contained in 29 C.F.R. §§ 3.3, 5.5(a). The Copeland Act (40 U.S.C. § 3145) contractors and subcontractors performing work on Federally financed or assisted construction contracts to "furnish weekly a statement with respect to the wages paid each employee during the preceding week." U.S. Department of Labor (DOL) regulations at 29 C.F.R. § 5.5(a)(3)(ii) require contractors to submit weekly a copy of all payrolls to the Federal agency contracting for or financing the construction project, accompanied by a signed "Statement of Compliance" indicating that the payrolls are correct and complete and that each laborer or mechanic has been paid not less than the proper Davis-Bacon prevailing wage rate for the work performed. DOL and federal contracting agencies receiving this information review the information to determine that employees have received legally required wages and fringe benefits.

Public Burden Statement

We estimate that it will take an average of 55 minutes to complete this collection, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. If you have any comments regarding these estimates or any other aspect of this collection, including suggestions for reducing this burden, send them to the Administrator, Wage and Hour Division, U.S. Department of Labor, Room S3502, 200 Constitution Avenue, N.W. Washington, D.C. 20210

EXERCISE WH-347

The following exercise relates to the review of certified payroll records. As you know, certified payroll records are required to be submitted by contractors on a weekly basis on all contracts subject to the Davis-Bacon labor standards provisions. Below is a portion of a wage determination applicable to this example.

Take a few moments and identify areas on the attached certified payroll record that you believe may indicate potential compliance problems. After you have finished, be prepared to discuss what actions you would take to further investigate the potential problems that you have identified.

	Rates	Fringes
Bricklayers	\$12.00	\$5.46
Carpenters	\$13.35	\$4.63
Laborers (Unskilled)	\$10.65	\$3.65
Sheet Metal Workers	\$15.24	\$3.778

Unlisted classification needed for work not included within the scope of the classifications listed may be added after award only as provided in the labor standards contract clauses in 29 CFR 5.5 (a)(1)(ii).

Answer Sheet

There are three Carpenters (Joseph Anderson, Thomas Bedwell, and Todd Larson). None of them have the exact rate of pay (basic hourly rate and overtime).

The Certified Payroll records should be checked for the following:

- 1) The rate of pay for each classification should be checked against the Basic Hourly Rate and Fringe Benefits for the corresponding classes on the WD.

Example: Mascola's rate is less than that on the WD.

- 2) The contractor should provide evidence of an approved apprenticeship and trainee program. Individual registration should be verified. The ratios and levels of progression should be confirmed.
 - a. If, for example, the ratio of journeymen to apprentices is 2:1, then the contractor must pay one apprentice the full journeyman rate. (The first apprentice on the job is the bona fide apprentice.)
 - b. Bootstrapping is not allowed. For example, if the trainee is not allowed and must be elevated to the full journeyman rate, it does not mean that the firm can have two apprentices.
 - c. The apprenticeship program should be reviewed for the fringe benefit requirements. In this case, the apprentices

have been paid 60% of the journeyman rate plus the full amount of the fringe benefits.

- 3) There is a “helper” (James Nulty) listed on the certified payroll, but there are no helpers listed on the WD. Either the classification must be conformed or the employee must be paid the rate for the classification of work he is performing (journeyman sheet metal worker or laborer).
- 4) Arnold Peterson’s exact classification should be confirmed by interviews. The firm’s method of paying the employee $\frac{1}{2}$ his hours as a laborer and $\frac{1}{2}$ as a plumber may be a method used to pay Peterson less than the full plumber’s rate.
- 5) The bricklayers should be carefully interviewed to determine whether the certified payroll records have been falsified to show compliance. The daily hours recorded for bricklayers are less than the hours worked by the other employees; it is possible that Clements and Cunningham were paid on a piece rate basis. Also note that the gross earnings for these employees are rounded off (hours times the hourly rate shows an amount different than that on the payroll).
- 6) Unskilled laborers (James Burke & John Burns) are listed as working only $\frac{1}{2}$ the hours of the other employees. This could be an indication that the laborers are being paid only $\frac{1}{2}$ the applicable WD rate.
- 7) Thomas Bedwell is due an additional \$100 as a result of a payroll error in adding the individual payroll deductions. Numerous errors of this nature could be an indication of payroll falsification.

- 8) The repayment of a bank loan for Clements should be verified to make certain it was authorized by Clements or ordered by a court.
- 9) The overtime rates should be carefully checked.
 - a. In the case of Anderson, the firm is showing that it pays double time wages for the overtime hours (5 hours x \$35.96). It may mean that the contractor is merely reducing the overtime hours by $\frac{1}{2}$ in order to simulate CWHSSA compliance. The employee should be interviewed to determine compliance.
 - b. For Bedwell and Larson, the contractor is showing an overtime rate of \$20.03 ($1\frac{1}{2}$ x \$13.35). If the contractor is not making contributions to a fringe benefit plan for all hours worked, then the overtime is not correctly computed because fringe benefit rates are paid at straight time, not time and $\frac{1}{2}$.

For example: The contractor pays Bedwell the fringe benefit amount in cash. The correct total payment is \$24.66 ($1\frac{1}{2}$ x \$13.35 + \$4.63 in fringe benefits).

However, for Larson, the firm makes contributions to a fringe benefit plan for ALL hours worked in the amount of \$4.63. The overtime rate shown on the CPR in this case is correct.

- 10) The contractor should be asked to provide evidence that fringe benefit contributions are being made on behalf of Larson at the rate for which credit is claimed. The plan should be checked to determine if it is a bona fide third party FB plan.

- 11) There is no identifying number for any of the workers. The last four digits of the social security number is one possible identifying number that could have been used.
- 12) On the certification page, the Title of the signatory party is not provided at the top of the form.
- 13) On the certification page, item number 4 (b)'s box, 'Where Fringe Benefits Are Paid In Cash' is not checked when it should have been.
- 14) On the certification page, the signature box is not signed by Mr. Hale Hardee.

MIAMI-DADE COUNTY PUBLIC SCHOOLS
AVAILABLE BALANCES and PROGRAM EXPENDITURES PROJECTION

AS OF
28-Oct-2011

Grant Name: Agriescience Education
Grant Number: 32600000
Grant Period: July 1, 2011 to June 30, 2012
Closing Date: June 30, 2012
Liquidation Date: August 20, 2012

Grant Amount: \$215,781

Program Manager: Diana E. Collingwood
Email: dcollingwood@dadeschools.net

FRU Monitor: Ms. Conchita Beltran
Email: cbeltran@dadeschools.net

Projection of program expenditures resulted in the following condition:

Overall Projection:	UNDERSPENT	Please refer to the detailed projection worksheet attached for the breakdown of salary & benefits and non-salary expenditures for their respective balances and projections.
Amount:	\$133,874	
Percentage:	62.04%	
Composed of:		
Salaries & Benefits:	\$30,534	
Non-Salary:	\$103,340	
Workdays Left:	176	From the projection 'AS OF' date to end at the fiscal year.

If your Grant program is projected to be "UNDERSPENT", please take the following immediate actions as needed:

- Seek a no-cost extension or a redistribution of budget allocation into needed categories;
- Consider filling budgeted vacant full-time and hourly positions;
- Consider transferring into the grant allowable expenditures, and / or;
- Execution and Approval of all new and pending shopping carts, funds reservations and travel authorizations in order to establish an encumbrance.

If your Grant program is projected to be "OVERSPENT", please take the following immediate actions as needed:

- If there are expenditures (i.e., salaries & benefits and/or non-salary) that should be transferred to another program please proceed to execute a Journal Voucher (JV), salaries and benefits transfers MUST BE ACCOMPANIED with a properly executed and approved Circular A-87 certification form;
- Consider reducing hourly and / or full-time personnel, and / or;
- Curtail non-salary expenditures;

If your Grant period has expired and is found to be "UNDERSPENT" or "OVERSPENT", please contact your FRU Monitor IMMEDIATELY for possible corrective actions.

Methodology used in the projection: Salaries and benefits for full-time positions are projected based on the number of the remaining workdays in the current fiscal year plus the actual amount earned, adjusted for 10 and 12 months type positions. Hourly positions are projected based on the actual amount paid projected to the last day of the school or fiscal year, as applicable. Non-salary categories are projected based on the amount already spent plus encumbrances, such as shopping carts that are awaiting delivery of goods and services. Please refer to the attached explanation of the content and source for each of the columns presented in the worksheet below.

If you have any questions or require assistance, please contact your FRU Monitor.

Time and Effort Certification

- ❑ **Why is Time and Effort Certification required?**
- ❑ All programs that are funded from federal dollars are required by law to have a certification performed that requires employees and / or direct reports affirm the fact that the time and effort was spent in servicing the particular program.
- ❑ **Two Formats: Electronic and Manual.** Time and Effort Certification is generated every four months for all federally-funded programs and sent to program administrators for approval via SAP Universal Worklist. Manual certification is done on a case-by-case basis to certify time and effort on individual programs.

Time and Effort Certification System

- What is meant by the term **Single Cost Objective**?
 - It refers to an employee that serves a single program and is paid by the same program that it serves.
- What is meant by the term **Multi Cost Objective**?
 - It refers to an employee that is filling a position of one of the programs that it serves but also serves another or more programs that are charged based on the level of effort depicted by a percentage that is used to charge the other programs served. The total of the percentages of all the programs served must equal 100%.

Time and Effort Certification System

- What is the source of the data contained in the certification report?
 - For employees serving only one program (i.e. **Single Cost Objective**), all data reported is obtained from the actual attendance records and the actual wages paid to the employee.
 - For employees serving more than one program (i.e. **Multi Cost Objective**), the data is obtained from the SAP HR module that contains the level of effort expressed as a percentage that was budgeted and approved based on the approved grant application or current actual effort.

Time and Effort Certification System

- There's two terms that you may see in a certification
 - De-Certification
 - Re-Certification

Time and Effort Certification System

- What is the definition of a De-Certification?
 - A De-Certification (DECERT) refers to a retroactive transfer of wages involving a federal funded program for a prior period that was previously certified.
- What is the definition of a Re-Certification?
 - A Re-Certification (RECERT) refers to the same retroactive transfer that was charged to another federally funded program that substitutes the previous program that was previously certified.

Time and Effort Certification System

- There are two types of Approvals:
 - Approved
 - Applies for approvals where all the data reported is correct.
 - Approved with Adjustments / Corrections
 - Applies when any data contained in the report is found to be in error.
 - Must disclose the specifics in the Comment Tab under Location Comments where comments must be added that explains the specifics of the error found.

Time and Effort Certification System

- Verification of data
 - For full-time, part-time, overtime and substitutes the respective days and hours reported can be traced to the attendance and payroll records retained at your school.
 - For supplements and stipends the amount paid is based on the type of supplement as reflected in the SAP HR system, and also reported in the payroll record.

Time and Effort Certification System

- Approval of data
 - It must be approved by the administrator in charge of the location having firsthand knowledge of the work being performed.
 - It cannot be delegated to a non-administrator.

Time and Effort Certification System

❑ **What is the result of NOT performing a Time and Effort Certification?**

Failure to perform a certification may result in the disallowance of a portion or the entire amount of expenditure reported for wages and benefits for a particular federally funded program (grant) if found by the auditor to be lacking a timely and properly executed certification during the required annual Single Audit (i.e. federal audit).

Time and Effort Certification System

❑ **Possible penalty for Single Audit finding related to a missing or timely certification?**

Please note that a failure to comply with the certification requirement may result in the disallowance of a chargeable expenditure for wages and benefits to the Grant by the USDOE/FLDOE or cognizant agency, thus resulting in your school's or department's Discretionary account (02) being charged for the amount equal to any disallowance.

Time and Effort Certification System

- ❑ **Period 1: July 1 – October 31.** Issued after payroll that includes October 31. Due date is fifteen days after issuance.
- ❑ **Period 2: November 1 – February 28.** Issued after payroll that includes February 28. Due date is fifteen days after issuance.
- ❑ **Period 3: March 1 – June 30.** Issued after payroll that includes June 30. Due date is fifteen days after issuance.

Time and Effort Certification System

- Approval timeline and escalation
 - 15 workdays for electronic approval by the appropriate personnel at the school or non-school site.
 - From 16th to the 25th workday escalates to an email notification to:
 - School site: Region Superintendent.
 - Non-school site: Direct Report Supervisor.
 - On the 26th workday escalates to the appropriate Superintendent's Cabinet member.

Time and Effort Certification System

- How can I view a Certification that has been previously approved?
 - Simple – just follow the next three screens shots that will show you how to access all previously approved certifications, as well as the statuses.

Manual Time and Effort Certification

Time and Effort forms that cover transfers of expenditures to grants are submitted manually with the transfer form.

- **Approved Forms To Be Used:** There are two manual forms.
- **1. Time and Effort Certification Form – Single Cost Objective & Transfers:** This form to be used to certify transfers or reclassifications of eligible personnel for salaries and benefits retroactively.
- **2. Time and Effort Certification Form – Multi Cost Objective & Transfers:** This form is used to certify transfers or reclassifications of eligible personnel for salaries and benefits retroactively when time and effort impacts split-funded personnel.
