Grant Opportunities and Resources for M-DCPS' Educators, Students and Families

Miami-Dade County Public Schools Wins \$100,000 Award For Its Growing Vibrant Libraries

Miami-Dade County Public Schools (M-DCPS) was one of the 40 winning grant recipients nationwide of the Laura Bush 21st Century Librarian program. M-DCPS was awarded \$100,000 to train specialists across the district to deliver high-quality, standard-aligned library programs to its students.

This award, given by the Institute of Museum and Library Services (IMLS), will be used to address the gap between current certifications of educational media specialists and to boost their library experience. M-DCPS will train a cohort of 50 library media specialists through a summer institute to improve their ability to provide high-level library programming across multiple school libraries. The training gives participants the knowledge to build vibrant library programs and train future cohorts districtwide. The intended results include districtwide adoption of a library evaluation framework, measurable improvement in library programs, and a replicable peer-training model that strengthens student achievement across M-DCPS.

“Our priority is our students and how they have access to information for critical thinking and exploratory learning,” said Dr. Showanda Richardson, District Media Specialist and lead on this proposal. “Having more trained media specialists will create even more learning opportunities for them to excel and become our portrait of a graduate!”

The Children's Trust Books for Free

The Children's Trust Books for Free is a partnership with Miami Book Fair at Miami Dade College. Our goal is to get more books in the hands of children who need them the most – magical, world-building, life-changing books that they can keep to read with their families over and over again. We achieve this goal by delivering an average of 2,443 new and gently used books per week to more than 70 public bookshelves located in high-traffic locations throughout Miami-Dade County's most underserved neighborhoods. These books are free for the taking by children and their caregivers.

TEACH Grant

The TEACH Grant Program provides grants of up to \$4,000 a year to students who are completing or plan to complete course work needed to begin a career in teaching. A TEACH Grant-eligible program is a program of study that is designed to prepare you to teach as a highly qualified teacher in a high-need field and that leads to a bachelor's or master's degree or is a postbaccalaureate program. A two-year program that is acceptable for full credit toward a bachelor's degree is considered a program that leads to a bachelor's degree. A postbaccalaureate program is not TEACH-Grant-eligible if it is offered by a school that also offers a bachelor's degree in education. Schools that participate in the TEACH Grant Program determine which of the programs they offer are TEACH-Grant-eligible. A program that is TEACH-Grant-eligible at one school might not be TEACH-Grant-eligible at another school. Additionally, even if a program meets the eligibility requirements to be a TEACH-Grant-eligible program, it may not be designated as TEACH-Grant-eligible by the school. Contact the financial aid office at the school you are attending (or that you plan to attend) to find out which programs at that school are eligible.
