TEACH Grant

The TEACH Grant Program provides grants of up to \$4,000 a year to students who are completing or plan to complete course work needed to begin a career in teaching.

A TEACH Grant-eligible program is a program of study that is designed to prepare you to teach as a highly qualified teacher in a high-need field and that leads to a bachelor's or master's degree or is a postbaccalaureate program. A two-year program that is acceptable for full credit toward a bachelor's degree is considered a program that leads to a bachelor's degree. A postbaccalaureate program is not TEACH-Grant-eligible if it is offered by a school that also offers a bachelor's degree in education. Schools that participate in the TEACH Grant Program determine which of the programs they offer are TEACH-Grant-eligible. A program that is TEACH-Grant-eligible at one school might not be TEACH-Grant-eligible at another school. Additionally, even if a program meets the eligibility requirements to be a TEACH-Grant-eligible program, it may not be designated as TEACH-Grant-eligible by the school. Contact the financial aid office at the school you are attending (or that you plan to attend) to find out which programs at that school are eligible.
