Foundation for New Education Initiatives (FNEI) Sponsors STEAM at Dr. Gilbert L. Porter Elementary School

Every year, the Foundation for New Education Initiatives (FNEI) sponsors a mini-grant competition for teachers and schools. The Dr. Gilbert L. Porter Elementary Kindergarten Team received a mini-grant in 2019-2020 to cultivate curiosity through broadening STEAM involvement. The Kindergarten students had the opportunity to participate in a school-based STEAM field trip providing memorable HANDS-ON experiences that broadened their understanding of the various states of matter. The Kindergarten students also had access to a shared set of tablets which were used to increase technological fluency which consequently increased productivity and engagement thus, improving overall comprehension of material.

Use of these tablets include (but are not limited to): interactive test prep and formative assessment through Kahoot IT!; virtual field trips; access to educational games in-between lessons; and access to digital libraries.

Star Student Mentoring Program Kinloch Park Middle School

A total of 65 students and 35 teachers participated in the STAR Student Mentoring Program, at Kinloch Park Middle School, during the 2019-2020 school year. Even though classes had to be cut short due to the Coronavirus in March 2020, the goals and objectives, as well as the activities were carried out. One of the exciting news is that 15 participated, as members, in the Restorative Justice Club. Student related activities promoting mentorship and connection, to the school, included a trip to George T. Baker and Miami Dade College where they learned about trade and college career, a field trip to Florida International University to learn about college life, and a fun field trip to the Frost Museum to celebrate their participation. Throughout the year, STAR students participated in a variety of activities: Red Ribbon Week, which included drug prevention presentations from community leaders, bullying and cyber safety presentations, college and career readiness events. STAR students also participated in 2 events (a breakfast and a luncheon) where they interacted with their mentors, and received their STAR student sweatshirt. During two faculty meetings, staff members were recruited to be mentors and received information about being effective mentors. A magnet fair was also held, and STAR students were invited to participate in in the month of February. In this event they learned about different high schools they could attend, admission requirements, as well as the application process. Furthermore, STAR students were able to do community service hours by participating as volunteers in the school's Open House, Literacy Night, Magnet Fair and Fun Friday Activities.
